SERV-008	Servus Credit Union Place - Fitness Expansion	<p>This project charter should be removed due to the outdated construction costs, the evolution of usage patterns at the Servus Place Fitness Centre since it was originally submitted, and the planning around the Community Amenities Site.</p> <p>If there is desire to keep the project charter in the corporate plan, the need should be reevaluated in a post Covid-19 environment and project costs should be completely redone as the current costs are no longer accurate.</p> <p>This would ensure that the project is financially and operationally feasible and that the costs are aligned with the current market rates and need</p>		725,000	8,000,000
