

## Attachment # 12

### Net Area Absorbed in Development Agreements 2010-2025

Notes: <sup>1</sup>Net area excludes area dedicated for municipal reserves, environmental reserves, arterial road right of way, and stormwater management facilities.

<sup>2</sup>There may be differences in timing between when an area executes a development agreement and when the subdivision lots are registered. Development agreement land absorption is shown since it is the moment of collection for off-site levies.
