

UDI Comments and Staff Responses

<u>UDI Comment</u>	<u>City Staff Response</u>
1. Request for an appeal process for NP	Staff explored this request, and a re-consideration process has been established for NP.
2. Concurrent ASP, NP, and Redistricting application processing	The new framework allows for all three applications to be submitted and reviewed concurrently. ASP and redistricting can go to Council at the same time to streamline the approval process.
3. Request for the applicant to write the ASP and NP	The new framework enables the applicant to write the ASP and NP, subject to staff review prior to approval.
