

**Attachment # 11**

**Off-Site Levies Collected 2010-2025**

Notes: <sup>1</sup>Net revenue is the value of levies received for all infrastructure categories less non-cash amounts. For example, in lieu of a cash levy payment the City may have accepted offsetting infrastructure constructed or use of a land credit for dedicated arterial roads.

<sup>2</sup>All values are inflation adjusted and presented as 2025 dollars.

<sup>3</sup>Net levies collected are reimbursed to all front-ending parties, including developers, through the Annual Recovery process outlined in City Council Policy C-P&E-08.
