To Whom It May Concern:

Re: St. Albert Active Communities Proposal

I am pleased to provide this letter in support of Active Communities Alberta.

Administration met with several community groups to discuss facility concerns. These groups are meeting again to understand the City's Recreation Master Plan and have a detailed discussion on need. Active Communities Alberta is one of the groups, the City is meeting with. The City has not committed to building a new recreation facility; however, is supportive of the community need.

The City is currently looking at all possible combination of facilities and Council expects a report in Q2, 2018. Sports organizations play a vital role in building strong communities wherein our residents feel connected and enable many to stay active. They are very important to the health and wellness of St. Albert.

Yours sincerely,

Cathy Heron
Mayor, City of St. Albert
The Botanical Arts City
