Message I'm support of a birth centre in St. Albert. I would have loved this option when I went to the St. Albert midwives! Would love the opportunity if I have more children.

Hello Rayann,

Please pass this message to the Mayor and Council.

Many thanks,

Michelle

I'm writing to ask that you allow St. Albert community midwives to move forward with their plan of a birthing Centre. A closer birthing centre option is needed for those in north edmonton and St. Albert/surrounding areas. The ladies at St. Albert community midwives are doing amazing things and are so appreciated by the community.
