Total funds available is set by Council and is currently budgeted at \$250,000 per year.

COUNCIL DIRECTION

The Council direction that has resulted in this matter being brought before Council is Council Policy C-CS-06 - Community Capital Program Grant.

BACKGROUND AND DISCUSSION

As per the Community Capital Program Grant Policy C-CS-06, the City may offer financial assistance on a matching-grant basis for eligible St. Albert not-for-profit community groups that submit applications for eligible capital projects.

Applications are reviewed by the CSAC and recommended to Council for approval. To date, Council has awarded a total of \$116,730 in 2018 Community Capital Grant funding, with \$133,270 still available for allocation until the end of the current year. As per City Council Policy C-CS-06, Community Capital Program Grant, any remaining funds after the spring intake will be available through an on-going application process until the current year grant funding is depleted.

On October 23, 2018, the CSAC considered funding applications from three additional organizations under the Community Capital Grant Program. All three organizations were present at the October 23 meeting to respond to questions and provide clarification regarding their project where needed.

The CSAC is recommending funding the full request of the St. Albert Gymnastics Club and the Fraternal Order of Eagles; and providing a reduced amount from the original request for the Covenant Foundation. The details are as follows:

Covenant Foundation:

Covenant Foundation is requesting funds to assist with the expansion of the multipurpose room and greenhouse space at Youville Home. The 1000 sq ft. expansion, situated just off the auditorium, will have large doors to accommodate wheelchairs and walkers. The space will allow for larger entertainment performances; gatherings and activity programming for residents, including year-round gardening; and a larger, space which St. Albert community organizations can request for use. The total project budget is one million dollars and the grant request is for \$130,000. The recommendation from CSAC is to support funding this project in the amount of \$108,053.

Fraternal Order of Eagles #2102:

The Eagles are requesting funds to assist with renovations to their thirty-six-year-old kitchen facility. The renovations will increase efficiency and will make their facility a more desirable choice for facility

rentals and for general club activities. The total project budget is \$58,932 and the grant request is for \$19,118.

St. Albert Gymnastics Club:

The St. Albert Gymnastics Club is requesting funds to assist with proposed enhancements to their facility which involve updating large equipment and reconfiguration of the floor space. The overall project result will be improved safety of movement within the training space and more efficient updated equipment. The total project budget is \$18,298 and the grant request is for \$6,099.

STAKEHOLDER COMMUNICATIONS OR ENGAGEMENT

All applicants are encouraged to meet with Administration, prior to the intake deadline, to ensure the applicant and the project meets the basic requirements set out in the Policy, confirm the process with the applicant, and to assist with the application if needed.

All community groups applying for this grant provided a verbal presentation to the CSAC, and answered all questions raised.
