BACKGROUND AND DISCUSSION

Select Engineering Consultants Ltd. on behalf of Genstar Development Company, submitted an application to close a portion Road Plan 6079MC, which is a portion of Hogan Road that is located between McKenney Avenue and Rankin Drive. The area of the road closure is 0.28 hectares± (0.69 acres±). The legal description is Part of Road Plan 6079MC, within River Lot 18, St. Albert Settlement, and theoretically SW ¼, Sec 5, TWP 54, Rge 25, W 4th Mer. Please refer to attachment *Location Map Figure 1*.

The proposed road closure is in compliance with the Riverside Area Structure Plan (ASP), which designates the subject area as Medium / High Density Residential. When development occurs in this portion of the Riverside neighbourhood, the roadway would not be a roadway, but part of a developed site. Please refer to attachment *Riverside Area Structure Plan Figure 2*.

The area adjacent to the proposed road closure is districted Urban Reserve (UR) District, which is a holding district until urban development occurs on the land. At a future date, the land will require redistricting to district the land.

The proposed road closure is through lands that are owned by one landholder. Prior to, or at time of subdivision, the landholder will purchase the road right-of-way and consolidate the land with an adjacent parcel of land. An appraisal to determine the market value of the road right-of-way will be completed to determine a sale price. In addition, follow the City Council Policy C-ED-03 for land transactions.

Rose Gate is a newly constructed roadway that is the connection between McKenney Avenue and Rankin Drive.

STAKEHOLDER COMMUNICATIONS OR ENGAGEMENT

In accordance with the provisions of the Municipal Government Act (MGA) Section 22(2), proposed road closures must be advertised. The proposed road closure was circulated on July 18, 2019 to internal departments, external referral agencies, and property owners within a 100-metre radius. There were no objections.

First reading is scheduled for November 4, 2019. The non-statutory public hearing is scheduled for

December 2, 2019. Following first reading, the non-statutory public hearing date will be posted on the City website. The non-statutory public hearing will be advertised in CityLights on November 16 and 23, 2019, and a notification letter about the public hearing will be mailed to property owners within a 100-metre radius of the proposed road closure.
