BACKGROUND AND DISCUSSION

Active Communities Alberta (Active Communities) is an organization founded in early 2017 with the following vision:

To be viewed as the leader in delivering recreation facilities and healthy living activities for the benefit of all Albertans.

In June 2018, a motion was passed directing Administration to enter into a Memorandum of Understanding with Active Communities (*June 25, 2018: CM-18-045*), and complete a Value for Money Assessment. The two (2) items were delayed until the City of St. Albert identified a site for a future recreation facility that was confirmed in January 2020.

MNP Consulting Services was hired in July 2020 to complete the independent Value for Money Assessment based on Active Communities' Business Plan.

On September 28, 2020, MNP presented their independent Value for Money Assessment report to Council's Committee of the Whole. Based on the report:

"MNP recommends that a decision regarding the \$20 Million in capital funding for the ACA's proposed facility be tabled until the recommendations in the report are addressed." *Value for Money Assessment, Active Communities Alberta - Regional Sport and Community Campus Business Case - P.9*

Administration is recommending that Council receives this report as information.

STAKEHOLDER COMMUNICATIONS OR ENGAGEMENT

Administration and Active Communities have been actively meeting on the Memorandum of Understanding.
