ALIGNMENT TO PRIORITIES IN COUNCIL'S STRATEGIC PLAN

N/A

ALIGNMENT TO LEVELS OF SERVICE DELIVERY

Tax Account Administration - Administration of the annual and supplementary tax levy, preauthorized

payment system, school support declarations, property tax collection process, and land title office changes.

ALIGNMENT TO COUNCIL DIRECTION OR MANDATORY STATUTORY PROVISION

As per Sections 353 - 356 of the *Municipal Government Act*, Council must pass a property tax bylaw annually.

The property tax bylaw authorizes the Council to impose a tax in respect of property in the municipality to raise revenue to be used toward the payment of the expenditures and transfers set out in the budget of the municipality, and the requisitions.

The property tax bylaw must set and show separately all the tax rates that are to be imposed to raise the revenue required.

BACKGROUND AND DISCUSSION

Please refer to the attachment for the body of the report.

STAKEHOLDER COMMUNICATIONS OR ENGAGEMENT

Approved tax rates and tax impacts will be communicated to property owners via press release, upon passing of the tax rate bylaw.

Property owners will be sent their combined 2019 Assessment & Taxation Notice at the end of May 2019 via Canada Post. Delivery via mail is a legislative obligation.

Property owners will have the ability to review their assessment during June and July 2019, and all property assessments carry the right of appeal. Deadline for property assessment appeals is approximately Aug 6, 2019.

IMPLICATIONS OF RECOMMENDATION(S)

Financial:

Passing of this bylaw will provide funding as per the 2019 approved Municipal Operating Budget.

Legal / Risk:

The *Municipal Government Act*, pursuant to Part 10, Division 2, requires a bylaw to establish property tax rates, against assessed property, to raise sufficient tax revenue to fund municipal services and to provide for various requisitions from outside organizations such as the Alberta School Foundation Fund (ASFF) and Homeland Housing.

Program or Service:

Passing of this bylaw will provide funding for the programs and service levels as approved in the 2019 Municipal Operating Budget.

Organizational:

None at this time

ALTERNATIVES AND IMPLICATIONS CONSIDERED

If Council does not wish to support the recommendation, the following alternatives could be considered:

- a. A differing general municipal tax split could be implemented by Council. This would alter the tax impacts affecting the municipal portion of property taxes between the residential and non-residential property classes. Council would direct administration to amend the tax split to a specified percentage, and thus alter the tax impacts affecting the residential versus non-residential property classes, as compared to the effects as articulated in this report. Such a change would affect the timing of passing of the tax rate bylaw and subsequently the timing of mailout of the Assessment & Tax notices.
