Service Standards/Expectations

3-Municipal and Utility capital budgets shall be prepared and approved by Council for a rolling ten (10) year period and Administration shall be given approval to execute on year one (1) of the plan.

5-The approved operating and capital budgets shall serve as the financial plan for the City and provide Administration with the direction and resources necessary to accomplish Council's strategic direction and Council approved services and service levels in accordance with the Services and Service Levels Inventory.

7- The City is committed to the preservation and long term viability of its current infrastructure and as such commits available capital dollars towards the repair, maintenance and replacement of existing assets prior to consideration of new capital growth projects and assets.

19e-Council shall review and provide final approval of the RMR Capital Budget approximately six months prior to the next fiscal year.

19f- This approval shall grant Administration the authority to issue binding procurement documents such as Request for Proposals, Invitations to Tender and purchase orders and to award contracts at any time after final approval is received from Council.

Any contracts awarded will ensure that the goods and/or services will not be received until after January 1 of the following year when the budget dollars become available.

BACKGROUND AND DISCUSSION

At the CGIS meeting on June 9, 2020, the 10 Year (2021-2030) Municipal RMR Capital Plan was presented. Capital projects that have been identified as RMR are critical to sustain current service levels, required as part of detailed lifecycle plans, and are essential for rehabilitation of existing equipment and infrastructure.

No notice of motions were submitted.

IMPLICATIONS OF RECOMMENDATION(S)

Financial:

The 2021 Municipal RMR budget would have no effect on the tax base as all funding is made available through grants, reserves, and are within the Capital Funding Formula. As such, the 2021 recommendation of \$23.4 million would have no incremental tax implications.

Legal / Risk:

None at this time

Program or Service:

None at this time

Organizational:

If the recommendation is passed, this would authorize the Chief Administrative Officer and Administration to begin the preparatory work relating to site planning, establishing commitments, RFP process, and submission of grant applications. This would be accomplished with the understanding that no spending is to occur until the 2021 Budget is approved, as per Council Policy C-FS-05 Budget and Taxation Guiding Principles.

ALTERNATIVES AND IMPLICATIONS CONSIDERED

Council could 'do nothing'. The 2021 Municipal RMR budget would not be approved and Administration would not be able to begin preparatory work towards the execution of the 2021 Capital RMR projects. These projects would need to be addressed again during the budget process in late fall.
