**TAMRMS#:** B06

### **Request for Time Extension - Zero Waste Process**

Presented by: Curtis Bauer, Manager, Business Attraction

### **RECOMMENDATION(S)**

That the deadline for the agenda item "Zero Waste Process" be extended to end of Q4, 2017.

### **COUNCIL DIRECTION**

On February 27, 2017 Council passed the following motion:

"That Administration prepare a report for Council's review before the end of Q3 of 2017 of the potential feasibility, land requirements, estimated capital and operating costs, social and environmental and economic benefits, and risks of implementing a zero-waste process and ancillary processes and infrastructure in St. Albert to manage its solid waste, similar to what is being implemented in the Wood Buffalo Region, with up to \$25,000 approved to complete the cost-benefit analysis funded from the Stabilization Reserve."

### **REPORT**

Administration is requesting a time extension to develop a scope of services, source and award a service provider, and then receive a completed cost-benefit analysis from the service provider.
